Castro Pledges Third Of Cuba's Sugar Crop To Reds

HAVANA (AP)—Fidel Castro has bound a third of the Cuban sugar crop—the cornerstone of the country's shaky economy—to the Communist bloc.

For the next five years Cuba has agreed to supply the Soviet Union and Red China 1 1/2 million tons of sugar annually out of a harvest that this year is set at 5,700,000 tons. Shipments to other Communist countries will bring the total Cuban sugar going behind the Iron Curtain to nearly two million tons a year.

The Soviets also have bought the 700,000 tons of sugar President Eisenhower cut from Cuba's 1960 sales to the United States.

The Castro deals with the Communists are largely on a barter basis pegged to world prices. The United States long has been Cuba's best customer at premium

Saturday Is Hottest Day This Summer

The Weather Man came up with the first scorcher of the summer on Saturday when the mercury climbed to the 90-degree mark for the first time since late April. May, June and three weeks of July passed without any 90-degree weather in Gettysburg, setting a new record for comfortable living in these parts.

Gettysburg Times weather records show that June of this year was only the second June in the last 15 years without readings in the 90's. The June record is 102 degrees, set on June 5, 1925. Last year June saw a high of 98 degrees with eight days above the 90-degree mark.

July last year had a maximum of 98 degrees and there were 10 days of 90-degree weather.

Scattered showers, Saturday evening brought relief from the brief heat wave and the mercury dropped to 67 Saturday night. Sunday's high was only 86 degrees and this morning the temperatures dropped to cool 58 degrees.

Cool air coming down from Canada through the Great Lakes region was credited with bringing the relief from Saturday's heat.

Engineer Put In Meter Posts Only

Borough Engineer LeRoy H. Winebrenner today disclaimed responsibility for the 25 parking meters being installed without having their hours of operation posted for the guidance of the public.

Winebrenner said his Highway Department employees had placed the posts for the new meters but that the meter heads were installed by the "administrative department."

GOP Platform Is Adopted After All-Night Session

By NORMAN WALKER

CHICAGO (AP)—The Republican Platform Committee after a sometimes bitter all-night session finally adopted today a civil rights plank containing a mixture of moderate and liberal proposals.

Whether it bypassed a convention floor fight remained a question. Details of the plank were not announced. The Republican National Convention opening today will not receive it formally until Wednesday night, when the full platform comes up for action.

The composite was worked out at a closed-door session that ground on until 6:40 a.m. (CDT). At one point the committee rejected 52-32 a motion that it adjourn for the night.

Civil Rights Big Issue

The politically touchy civil rights problem was tossed to the full committee after a drafting subcommittee voted 8-7 for a plank more moderate than that urged by New York's Gov. Nelson A. Rockefeller and supported

FIREMEN STOP GAS STATION FIRE SATURDAY

Quick response from the Gettysburg Fire Department and the courage of a gasoline tank truck driver saved the south end of Gettysburg from what might have been a serious fire Saturday evening.

Fumes from a gasoline tank at the Roy E. Thomas Shell Station at the end of Steinwehr Ave., exploded Saturday evening at 6:30 o'clock, and a son of the owner, 10-year-old Gary Thomas, was burned about the arms, but damage was held to a minimum by the efforts of the truck driver, the station owner and the firemen.

A gasoline tank truck of the Wayne Gas and Oil Co. of Waynesboro, had just filled the "straight gas" tanks of the service station and had started to fill the tank holding "high test" gasoline when fumes coming from a vent at the rear of the service station ignited, apparently from smoldering embers in an incinerator which had been used during the afternoon.

Trucker 'Kept His Head'

Roy Thomas said the tractor-trailer, along the north side of the service station, had just started to fill the "high test" gasoline tank underground when "there was an explosion."

Thomas rushed to the rear of the station to find flame shooting from the vent on the underground tank. He called firemen and secured a carbon dioxide fire extinguisher.

Meantime the driver of the gasoline truck, instead of fleeing the flames which were shooting higher than the gasoline station only a few feet away, kept pumping gasoline into the tank at increased pressure.

Thomas explained that the tank driver's action provided pressure which kept the fire outside the vent. Had the truck stopped pumping, the fire could have entered the vent and exploded the underground tank.

Boy's Arms Burned

Thomas' fire extinguisher put out the blaze, but as soon as the CO2 was exhausted another explosion followed and the fumes

# Lodge Pushes Piracy Charge

UNITED NATIONS, N. Y. (AP)—The United States goes before the U. N. Security Council today to accuse the Soviet Union of committing piracy by shooting down an American RB4 reconnaissance plane over international waters.

U. S. delegate Henry Cabot Lodge has ready a half-hour speech denying Soviet Deputy Foreign Minister Vasily V. Kuznetsov's charge that the plane was in Soviet air space on a spy mission when it was shot down July 1. Some diplomats believed the U. S. delegation was working on a resolution to introduce before the debate ends Tuesday. There was speculation that it would ask the 11-nation council to condemn the Soviet Union for downing the plane.

The Soviet delegation is pushing a resolution of its own to have the council condemn "continuing provocative actions by the Air Force of the United States" as aggressive and insist that the U. S. government stop such activities.

re-ignited. Thomas used two more extinguishers and the flames were again put out but re-ignited when the carbon dioxide extinguisher emptied.

At that moment the firemen arrived and carbon dioxide and foam were used to extinguish the blaze.

Thomas' son had driven his bicycle to the rear of the station moments before the fumes first ignited and the child's arms were burned "as if hot grease had flowed on them." He was treated at the Warner Hospital. The seat of his bicycle was burned, as was a wooden facing at the top of the service station.

Firemen, after the blaze was brought under control, poured water from the booster tanks against the side of the building to help wash off some of the thick smoke markings and to cool the area so there would be no danger of the fumes re-igniting.

## BAG SKIRTS BELOW KNEE ARE SHOWN

By NADEANE WALKER

PARIS (AP) — A slim semitoned line, with skirts just below the knee, was shown by Jacques Griffe this morning in the curtain-raiser for the Paris fall and winter fashion openings.

New notes were bag-backed suit jackets and bag skirts, bloused out above the knee and seemed in again at a slightly longer hemline.

Waistlines were more or less left where the designer found them. Modestly high day necklines went with the warm, sensible look for winter fashions.

A brown and red coat began the parade. These turned out to be Griffe's favored colors. Black and oyster white came next in popularity, followed by black-purple, olive and honey beige.

Neck To Hem Buttons  
Some suits were buttoned from the neck to hem, and often the buttons ran down one side.

The new bag skirts have a harem look — with a difference. Even some coats are in the Cinderella pumpkin shape.

Warm tweens, thick furry woolens, lace printed velvets, heavy silk crepes and moires, and even a fuzzy wool lace made up the range of winter materials. Coats had shawl collars or stand-up rounded cuff collars, often in fur. Fur borders and hems trimmed many suits and coats.

There were high covered cloches and feather duster hats to go with everything, and gold veil bird cages for evening.

The black crepe dress, beloved by most women, showed up in dozens of versions, all of them deceptively simple.

### "THE OPEN DOOR"

The door to fame and fortune . . . is always open wide . . . but somehow it's a mystic thing . . . that often seems to hide . . . and thus this treasured portal . . . is found by just a few . . . of all the travelers who seek . . . to make their dreams come true . . . not knowing it is there . . . while others tend to shun it . . . because their hearts beware . . . still others find it easy . . . and boldly enter in . . . there are the chosen few who have . . . the price-less will to win . . . some reach it on so very fast . . . and just as quickly lose . . . they step across the threshold . . . then fade like rainbow hues . . . but for the most part people seem . . . to miss the open door . . . for fame and fortune is a thing . . . the sharpest eyes ignore.

## Body Of Airman Downed By Russians Flown Home

MOSCOW (AP)—With a prayer and a brief military farewell, the U. S. Embassy today sent home the body of the pilot of the RB4 reconnaissance plane the Soviet Union shot down July 1.

A Soviet medical certificate said the flier, Capt. Willard G. Palm of Oak Ridge, Tenn., drowned and that his body was found floating in the Barents Sea. The U. S. charge d'affaires, Edward L. Freers, refused to make the full report public because of "legal and political implications."

Barn Destroyed By Lightning:  
We learn that the Barn of Mr. David Guise in Butler township, was struck by lightning, on Saturday afternoon week, and today destroyed, with all his hay, a wagon, and farming implements. Mrs. Guise succeeded in getting a horse out of the stable whilst the building was on fire. No insurance—Loss not stated.

Bitten By A Rattlesnake:  
The Chambersburg Transcript states that on the 15th instant a young man, by the name of Martin, whilst chopping wood in the South Mountain, was bitten in the finger by a large rattlesnake. The bite was inflicted whilst the young man was in the act of stepping down to pick up his axe. The hand swelled very much in a short time, but by the prompt use of proper remedies he is now rapidly recovering from the effects of the bite. The snake was subsequently captured.

During the storm of thunder and lightning on Saturday week, a shock of wheat on the farm of Mr. Joseph Herman, in Mount Pleasant township, was struck by lightning, and although the shock was rather green and had received fifteen minutes rain, it was almost entirely consumed.

We understand that the contract for laying the Rails on the Gettysburg Railroad has been given to Mr. Henry Welty, of this place, and Mr. Poland, who has for some time been acting in the capacity of foreman for Mr. John Shultz. They will commence putting down the track on Monday next.

The South Pennsylvania: It is declared with much positiveness that Vanderbilt and the Pennsylvania Railroad Company have come to terms—that the latter is to get the South Penn., at what has been spent upon it (about \$5,500,000) and will stop the work; and that in return Vanderbilt is to get the West Shore and thus help his New York Central, and have less competition for the New England business on the part of the Pennsylvania. The Reading Company fear it is all true; and if so, several of their projects must be delayed, if not annulled.

Country Navy: The country needs a navy, but John Roach don't know how to build one. Withdraw from him the dishonest favoritism of a national administration and he is nowhere. It is well the test has been made. Somebody else can be found that

Today's Talk

GOD'S GREAT GARDEN

All through my life the golden gleam of beauty has softened every footstep in God's great garden, which is His Earth. What a divine purpose is spread out in great letters no matter where we go.

When that new 50-star flag was recently raised above our U.S. Capitol I was glad I had had the opportunity to visit Hawaii when I did. I looked long upon it then, and it blesses me now with my memory of its rare beauties. I think of every beautiful spot and the happy welcome to those who call—and how they decorate visitors with flowers and the fragrance that one never forgets. I would say that Hawaii — our latest state could well be described as God's sample of Heaven!

Beauty is everywhere, if we will use our eyesight and the love of beauty that could be ours at will by just carrying the image with us in our heart. Beauty is an undying thing.

The earth is given to the humble inhabitant. With each one of us in tune with the infinite we become allied with all truth and all beauty. We make our own world and can spread it far and wide.

God's great garden is at our feet at all times. Let us never despoil it!

Tomorrow Mr. Adams will talk on the subject: "Past Performance"

Just Folks

NEGLECTED TALENTS

Some men upon a patch of ground  
Where only stones and rocks were found

Will get the grass to growing,  
And with a bit of earnest toil  
That little stretch of barren soil  
With roses will be glowing.

Each foot of land they'll beautify  
To thrill the weary passerby.

O' what they own they'll make the most;

That richer soil their neighbors boast  
Will no way dim their ardor.

They'll plant the flowers they know will grow  
And break the clay with spade and hoe

And merely work the harder.  
They'll not neglect the land they own

Because some things cannot be grown.

As men on barren plots of earth,  
By toiling, beauty bring to birth,  
So often many talents  
By using well their talents small  
Do more to cheer mankind than all  
Their richly-gifted brothers.

What'er your gift may be,  
Respect it!  
Do not despise it or neglect it.

will fulfill contracts and meet public expectation. We should have a navy, and nothing but a good one. A democratic administration will see that it is built.

James G. Blaine: James G. Blaine has written a letter of congratulations to John S. Wise upon his nomination as the Republican candidate for Governor of Virginia. An allusion to Wise's aristocratic descent is particularly gushing. But whilst Blaine is this trying to manufacture votes in the next National Convention out of the peculiar politics of Virginia, is he not running the risk of losing support in the stalwart States of the north? The latter have not forgotten that John S. Wise's father, John Brown, and that the Wises were among the most bitter and unrelenting rebels in the whole south. Blaine's letter to Wise will prove pleasant reading to Logan and his friends.

KENNEDY AND  
WAGNER WILL  
CONFER TODAY

By G. MILTON KELLY

HYANNIS PORT, Mass. (AP)—Sen. John F. Kennedy meets today with Mayor Robert F. Wagner of New York City to discuss presidential campaign strategy and a bitter row among New York Democratic factions.

As the party's presidential nominee, Kennedy, has voiced deep concern lest factional feuds upset appearances in his bid for New York's 45 electoral college votes, the nation's biggest block.

The conference ranked high in importance for this busy week in which Kennedy seeks to clear decks for the arrival of Sen. Lyndon B. Johnson, the vice presidential nominee.

Johnson Coming  
Through press secretary Pierre Salinger, Kennedy announced Sunday that Johnson will fly to Hyannis Port Aug. 1 or 2 to discuss plans for the campaign, and for the Congress session opening Aug. 8.

The two had been out of touch for several days while Johnson was on vacation in Mexico. Salinger said they talked at length by telephone Sunday and that Johnson "gave his support" to campaign plans Kennedy already has made from his summer home. Salinger said the week ahead will be "active—more a work week than a rest week."

GOOD HURLING  
RAISES L. A. 8  
TILTS IN MONTH

By CHARLES MAHER

Associated Press Sports Writer  
LOS ANGELES (AP)—The Los Angeles Dodgers, practically written off as one-year wonders a couple of months back, are actually not much worse off today than they were at this time a year ago.

The Dodgers have moved eight games closer to first place in the last month. Today—after scoring three straight shutouts over Philadelphia — they're just four games back of league-leading Milwaukee. On July 25 last year, they were 2½ games out.

As it was in 1959, when the Dodgers came on to win the pennant, pitching has been the primary agent in their recent ride up from the second division.

In their last 12 games at the Coliseum, Dodger pitchers have scored five shutouts, only three fewer than they managed here all last season.

Score 5 Shutouts  
In their last 29 innings, Dodger pitchers haven't allowed a run. Twenty-seven of these innings, of course, were against the Phillies, a consideration that may lend something less than heroic stature to the accomplishment. The Phils haven't scored in 33 innings.

Don Drysdale opened the Philadelphia series with a four-hit shutout and Roger Craig followed with a three-hitter Sunday, the Dodgers picked up their 13th victory in 16 games by demolishing the Phils 9-0. Stan Williams was something less than spectacular as the Phils got to him for 10 hits and got three more men on base on walks. But they still managed to get only two runners as far as third.

The victory was Williams' 10th in 12 decisions and the shutout brought his earned-run average down to 2.38, best among National League starters.

TRENTON, YORK  
IN LINE FOR  
EL FRANCHISE

WILLIAMSPORT, Pa. (AP)—Trenton, N. J., and York, Pa., at the present time appear to have good chances of gaining franchises in the Class A Eastern League next year, the Associated Press learned today.

League President Tommy Richardson, however, insists that the four teams he named as possibilities last week are equally in the running. They are Trenton, York, Johnstown, Pa., and Albany, N.Y.

He declined today to list any preferences. He said only: "We've got to go to eight teams in 1961 (from six). But we've got to get working agreements. There won't be any until the season is over. We hope to get them with Kansas City and St. Louis, or possibly Baltimore."

More Compact

A source close to the league, who did not want to be identified by name, said Trenton and York would make the circuit more compact mileage wise, necessitating less travel.

With Johnstown in the league, it would mean a day off for travel during each series in the western Pennsylvania city. This would create somewhat of a problem since the EL plays such a tight schedule with little room for open dates.

Trenton officials have discussed building a new stadium if they can come up with a way to finance it and get assurance for a franchise.

York was in the league in 1959 along with Albany. York had a working agreement with St. Louis while Albany had one with Kansas City. Both major league clubs dropped them this year, saying they had no Class A players.

"Good Baseball Town"

Richardson pointed out that in the mid-season of 1956 when the Wilkes-Barre club folded in the EL their franchise was moved to Johnstown for the remainder of the season and it showed a profit of \$8,700. Johnstown at one time also had a team in the old Class C Middle Atlantic League, made up of teams in western Pennsylvania and New York.

"It's a good baseball town and it has a nice park," Richardson said of York town. "The Chamber of Commerce is interested in bringing baseball back there."

Richardson also praised the city of Albany, saying it too had a good park.

The EL this year is operating with six teams — Williamsport, Lancaster, Reading and Allentown, Pa., Springfield, Mass., and Binghamton, N. Y.

BALTIMORE (AP)—"Why aren't you out catching bank robbers instead of annoying law-abiding citizens?"

That's one of the standard retorts John Q. Public comes up with when he is afoof of the law, according to Harold A. A. Keil.

Patrolman Keil, a cop for 20 years, knows whereof he speaks. During coffee breaks on his mid-night-to-8 a.m. shift at police headquarters, he began writing down a list of replies most often heard.

Other of his gems:  
"Don't try to push me around, sonny, I've got friends at city hall."

"Officer, would you mind watching my child while I go into this store? I won't be gone more than a minute."

Jokes Galore

"What do you mean I was going 70? If this car ever got over 50 the engine would fall out."

"First of all, let's get just one thing straight. Are you a public servant or not?"

"Do you have any idea who you are arresting?"

"I was half way across the street when the light turned red."

"There's a 10-spot in it for you if you just forget all about it."

"Somebody must have pushed my car closer to that fire hydrant. It was 20 feet away when I parked it."

"You wouldn't talk so tough without that badge and gun."

"I haven't had a drink since New Year's Eve."

"Give a guy a whistle and a tin badge and right away he thinks he's Napoleon."

"What stop sign? I thought it was a shaving cream ad."

## Double Win By Milwaukee Puts Them In NL Lead As Pirates Lose To Giants

By JACK HAND

For the first time since May 30, the National League has a new leader. Pittsburgh finally has given way to the charge of the Milwaukee Braves who have been chewing chunks out of the Pirates lead in recent days.

Just before the All-Star break, the Pirate lead measured 5½ games. The wise men along Broadway had tabbed the Bucs as 1 to 4 favorites to win the pennant.

Milwaukee closed the gap Sunday by whipping Chicago twice 7-5 and 1-0 behind a couple of familiar names, Warren Spahn and Bob Buhl. The Pirates, trailing 6-0, scared San Francisco with three runs in the ninth and had Manager Tom Sheehan digging deep into his bullpen for three pitchers before the Giants finally nailed down a 6-3 victory.

### 29 Shutout Innings

Los Angeles, blazing hot with 29 consecutive innings of shutout pitching—27 against the Phillies—blanked the Phils again 9-0. Stan Williams, the big man of the Dodger staff, hit a two-run homer during an eight-run spurt in the third inning and then managed to pitch a 10-hit shutout.

St. Louis came up with two in the ninth with the help of an error by Roy McMillan and a double by Bill White and nipped Cincinnati 6-5. The result left the Cardinals in fourth place but only one percentage point behind the third-place Dodgers. Each is four games behind the Braves.

The Braves gave Spahn the support of a 12-hit attack including home runs by Johnny Logan and Joe Adcock as the veteran won his 11th. Buhl tied up with rookie Jim Brewer, up from Houston, in a real pitching duel until Mel Roach doubled with two out in the ninth inning of the second game. It was Buhl's 10th victory.

The Giants were rolling with a 6-0 lead on homers by Willie Mays and Bob Schmidt when a blister developed on Billy O'Dell's pitching hand after he walked Dick Groat to lead off the ninth. Johnny Antonelli, the first relief man, was knocked out. Billy Lees, next in line, was thumped out by arguing with the plate umpire. Mike McCormick finally got the side out.

In the big third inning, Los Angeles sent 11 men to the plate against John Buzhardt and Jim Owens and eight of them got hits. Norm Larker regained the league batting lead at .344 with two of the Dodgers' 15 hits.

Cincinnati appeared to have locked up the game with St. Louis when it scored two in the seventh for a 5-3 edge but Stan Musial's homer cut the edge to one run in the eighth and the Cards pulled it out with a rally against Jay Hook and Bill Henry in the ninth.

Fairfield continued to dominate second half play in the Pen-Mar Baseball League as it defeated Emmitsburg 6-1 on the Marylanders' field while Taneytown, first half champs, threw second place into a three-way tie by edging Blue Ridge 4-2 at Taneytown.

Fairfield pounded out seven scattered hits for its six runs behind the combined pitching of George Weikert and Sites. Sweeney went the distance for the loser's and was backed by six hits. Stoner and Cool set the pace for the home team with a pair of safeties each.

A home run by Graham Wildasin, first baseman, led Taneytown to its second win in five outings. Wildasin clouted his four-bagger in the third frame with the bases empty. George Crouse tossed the complete game for the win.

### Trims Canada

The U.S. team trimmed Canada in the first round before arriving at the River Forest Tennis Club here, where the 24-year-old MacKay never was sharper in hammering down the mechanical Bartenz Sunday 4-6, 7-5, 6-0, in the finals.

Bartenz, 32, noted as the best clay courts player around, was deprived of his third-straight National Clay Courts title by the heavy hitting MacKay, who scored 13 service aces in the hour and 38 minute match.

In closing out with love-set, the 6-foot-4-inch MacKay had four aces and twice broke Bartenz's service in demolishing his opponent in 15 minutes.

### Mrs. Knobs Wins

The women's title went to 35-year-old Mrs. Dorothy Head Knobe for the fourth time. The 1951, 1955, 1958 champion defeated 19-year-old Gwyn Thomas of Shaker Heights, Ohio, 6-3, 6-3. Mrs. Head said she now plans to retire from major competition.

The Australian duo of Bob Hewitt and Marty Mulligan captured the doubles championship by downing Martin Bissens of Hinsdale, Ill., and Ramsey Earnhart, Ventura, Calif., 6-3, 6-2, 11-13, 6-4.

## SAN FRANCISCO NEW SPOILERS IN SENIOR LOOP

By JACK STEVENSON

SAN FRANCISCO (AP)—These San Francisco Giants may become the "spoilers" of the National League and win their way back into contention at the same time.

They knocked the Pittsburgh Pirates out of first place Sunday with a 6-3 victory and now await Monday night's invasion by the Milwaukee Braves.

"We like to take a hold of the leaders and set them back a bit," chortled Manager Tom Sheehan after watching his club take two straight from the Pirates who had led the league since May 30.

The Pirates have a chance to regain the lead tonight when they meet the Cardinals at St. Louis while the Braves are idle.

"It's still a long race to go," commented Pittsburgh Manager Danny Murtaugh. "And don't forget we've been playing on the road with only three games at home this month."

The Giants remained in fifth place but moved within 6½ games of the leaders with triumphs in five of their last seven games including the pair over Pittsburgh.

Both times the power came from Willie Mays and Bob Schmidt who each belted homers in both games. Mays hit a home run in each of the three games against the Pirates.

Sunday, he started things off in the first inning with a two-run blast off loser Tom Cheney.

Schmidt, who hit his first home run in Candlestick Park on Saturday, came through with another, good for three runs in the sixth.

Those were all the runs the Giants needed although the Pirates rallied for three in a wild ninth against four San Francisco hurlers.

### Steelworkers Reject Offer

PITTSBURGH (AP)—A recommendation to adjust incentive wage scales, accepted by Pittsburgh Steel Co., has been rejected by a United Steelworkers negotiating committee representing eight locals.

The action, taken Saturday, now leaves the next move to Pittsburgh Steel. The company has a until July 30 to decide whether to agree to the incentive scales of the basic steel contract.

The union then can strike anytime within 60 days after the announcement. However, it must give five days' notice.

A joint study committee composed of a union and company representative made the recommendation to adjust the incentive wage scales. The committee was established after the firm claimed it was unable to compete with the rest of the industry because its incentive wage scales were too high.

## HEBERT WINS PGA CROWN AND \$11,000

By FRITZ HOWELL

Associated Press Sports Writer

AKRON, Ohio (AP)—Jay Hebert finally got even with his kid brother.

The ex-marine, wounded at Iwo Jima, stormed out of a four-way crush Sunday to win the 42nd Professional Golfers' Assn. championship by a stroke, leaving 1947 champion Jim Ferrier, three-time champion Sam Snead, and third-round leader Doug Sanders in his wake.

That should put a stop to the "needling" Jay, 37, has been getting down around his bayou home in Lafayette, La., ever since his brother, Lionel, 32, won the same title three years ago.

### Both Won In Ohio

The Hebert boys, on the tour only five years, are the only brother act to grab a big-time title since the Smith brothers, Alex and Willie, did it in the National Open around the turn of the century.

Both the Louisianians hit the heights on Ohio courses. Lionel won at Dayton's Miami Valley layout in 1957, the last time the feature was at match play. Jay did it on Firestone Country Club's 7,165-yard "monster" over which par was bettered only 13 times in four days.

Hebert wound up with a par 70 and a 72-hole 281, one over par, with birdies on two of the last four holes. Ferrier, the ex-Australian with the dip in his swing, was second at 282, and Snead and Sanders deadlocked at 283.

Arnold Palmer, famed for his finishes in winning the Masters and Open crowns this year, couldn't make up a stroke on the final 18 with a par 70 and wound up tied for seventh with ex-champion Doug Ford at 286.

Snead, who has "Blown" several big championships with shaky finishes, did it again. With two holes to play he held a stroke lead in a four-way fight for the finish. But he bogied the last two to lose three strokes to Hebert.

Hebert picked up \$11,000 of the record \$63,000 purse, boosting his year's earnings to \$33,002. Ferrier almost doubled his previous take with the \$5,500 second prize. Snead and Sanders collected \$3,350. Snead, appearing in only 10 tournaments this season, has won \$16,916.

### Eastern League

By THE ASSOCIATED PRESS

Frank Lucchesi wasn't kidding when he said the Binghamton Triplets were always tough on his Williamsport club.

They've supplied the saw for second-place Springfield to hack away at the Grays Eastern League lead, trimming it from 4 to 2½ games within three days.

The sixth-place Triplets split a doubleheader with the Grays Sunday, giving them a 4-1 edge in the six-game series which ends tonight.

After dropping a pair to the Triplets Friday night and a single game Saturday night, the Grays snapped the three-game losing streak with a come-from-behind 5-2 victory in the opener. But the Triplets came right back with a 4-1 win.

Bob Heffner (9-5) pitched a six-hitter to lead Allentown to a 7-1 victory over Lancaster. It was Allentown's third straight victory over the Red Roses. Homers by Curt Jensen and Ted Schreiber accounted for five of the seven runs.

Cashtown and Arendtsville continued to set the pace in the South Penn League as both teams picked up victories over the weekend.

Cashtown defeated last place Bonneville 7-1 while Arendtsville edged Greenmount, 5-2.

Terry Ramer started his first game for the league leaders and turned in a fine performance, giving up one unearned run. Kitzmiller was the big gun for the winners bailing out three hits for four trips to the plate. Bonneville collected only four scattered safeties.

A large crowd turned out to see Mummasburg add two victories to the win column as they downed Harney 7-4 in the first game and came back to take a 5-3 decision in the nightcap. Wayne Fisel was the standout in the first win. Fisel went the distance on the mound striking out eight and allowing five walks. Harney outplayed his opponents with A. Snyder collecting a trio of hits. In the second game it was Byers and Singley blasting safeties for the winners. Cullison tossed the nine innings to pick up the win.

Hunterstown added its fourth win of the season by edging Brushtown 7-5 at Brushtown. Hunterstown is now only a half game behind sixth place Greenmount.

Two games have been rescheduled during the week. On Tuesday evening Greenmount and Hunterstown will tangle in a make-up contest at New Oxford. Brushtown and Cashtown will clash next Saturday afternoon at Cashtown.

## OLYMPIC SWIM HOPEFULS SET STUNNING PAGE

TOLEDO, Ohio (AP)—A week-end of record shattering performances that stunned even the most optimistic of the experts has buoyed the United States' Olympic swimming hopes.

Six world records fell during the AAU Men's National Outdoor Swimming and Diving Championships. American and meet standards were topped in all 14 senior swimming events.

"It's unbelievable," said Gus Stager, the youthful University of Michigan coach who will lead the U.S.A. swimmers into Olympic competition in Rome later this summer.

"I don't think I've been at all pessimistic," said Stager, "but I kept thinking how much progress the swimmers in other countries have made. Now I know that our country has come along at a truly fantastic pace."

"Up to now I thought we were placing the stress on the wrong things — the idea of being the best in our country. It's apparent now that the officials, the coaches and specially the swimmers are determined

## CAMPAIGN FOR DEMOCRATIC SWEEP BEGINS

By HERB LINNEN  
HARRISBURG (AP)—Gov. Lawrence returns today from a post-convention rest to start forging the organizational machinery he hopes will give Pennsylvania Democrats a thumping fall election victory.

The governor took a week off after playing his key role at the party's national convention in Los Angeles. He visited San Francisco and Chicago en route home.

Ahead of him is the big task of hammering out campaign strategy and organizing the party into a cohesive unit to accomplish a two-fold goal in the November balloting—(1) Putting Pennsylvania over the top for Sen. John F. Kennedy's presidential bid, and (2) Winning control of the Legislature.

He's Confident  
Lawrence, a deft hand at the business of politics, is confident, of course, that everything will go his way. But he conceded after the convention there was a lot of hard work ahead and that he had to start early.

Lawrence is expected to establish immediate liaison with the campaign organization being formed nationally to promote the Kennedy-Johnson ticket. Pennsylvania will figure prominently in the Democratic drive to win the White House again.

Democrats have been unable to put their presidential nominee over in the state since 1944 when Franklin Delano Roosevelt got 2,171,035 votes to Thomas E. Dewey's 1,835,054 votes. A victorious Harry Truman got fewer state votes than Dewey in his presidential bid four years later.

Things Are Different  
But Democrats will tell you, the things are different now. What was once a Republican voter registration lead of nearly one million has been cut to about 25,000 since Democrats took over the governorship in 1955. State Chairman John S. Rice predicts the margin will be in the Democrats' favor by November.

To accomplish this, party leaders say they will launch an all-out drive in the coming weeks to sign up every eligible voter. Efforts will be concentrated especially in the big cities where there is believed to be a great number of unregistered voters.

## STATE CAUCUS HEARS NIXON, NIXES ROCKY

By RICHARD L. GRAVES  
CHICAGO (AP)—Pennsylvania delegates turned out today to help kick off the Republican convention they expect to nominate Richard M. Nixon for president.

The contingent also eyed the prospect that they might play a key role in selection of a vice president. They hope to hear from Nixon Tuesday on whom he favors for the number two spot.

The delegation's first caucus Sunday night rejected a move by Harold E. Stassen, former governor of Minnesota, to have New York's Gov. Nelson Rockefeller address the Pennsylvania caucus.

Not Interested  
"The point I'd like to raise is would our delegation welcome an occasion when Gov. Rockefeller would meet with the delegation," said Stassen, now a delegate from Philadelphia.

The 70-vote contingent made it

clear in negative comments from the floor that they were not interested in hearing Rockefeller.

Sen. Hugh Scott, delegation chairman, turned down Stassen's proposal because, he said, "It is customary for a request to address the delegation to come from the candidate for president or vice president."

He said neither Rockefeller nor any of his representatives made any such request.

Nixon Address  
Nixon will address the caucus at a closed session Tuesday morning. George I. Bloom, state chairman, said Nixon had requested the opportunity to talk to the Pennsylvanians.

Scott hinted to the delegates that the closed meetings would hear the thoughts of Nixon on vice presidential possibilities.

The caucus meeting ended on a note of harmony after some earlier signs that Scott and Sen. M. Harvey Taylor, state Senate president pro tempore, might revive contention on delegation leadership.

Open To Newsman  
Scott defeated Taylor for the post of delegation head last May in a hard-fought intra-party scrap. Sunday night Scott proposed that

the caucus be kept closed to newsmen. Taylor objected: "Aren't you going to let them in?"

"We want you to speak your mind," Scott replied to him.

Bloom interceded and the meeting was open to newsmen.

Introducing delegation leaders at the podium Scott presented the 83-year-old Taylor with "Here's pop-pop" to the applause of the delegates.

John Marshall, who became chief justice of the Supreme Court in 1800, had never before held a judicial office.

# GOP OFFERS TV AUDIENCE AN ACTIVE WEEK

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP) — They're off and running in the second half of TV's big summer sweepstakes—the political futurity.

The Republican National Convention starts in Chicago today, with the networks straining to give home viewers the big picture. Thus starts another week—four days for the economy-minded Republicans—of set-watching for those who are interested in the great game of politics.

Are too few interested? The TV ratings would indicate that. The total audience for the Democratic National Convention was considerably lower than expected, if we are to believe the surveys. But then, the surveys aren't infallible, as a fellow named Truman can tell you.

**TV At Its Best**  
It's hard to imagine any alert American not wanting to switch on the set to see what the politicians are up to. For this is TV at its best—poking its Argus eye in to the once smoke-filled but now air-conditioned rooms where the national destiny is shaped.

The networks got started on their week's labors Sunday night with some sideshow attractions to the main event. CBS took the folksy approach with Ed Murrow calling on Pat and Dick Nixon in the same way he chitchatted with celebrities on "Person to Person."

This time Ed was accompanied by fellow anchor man Walter Cronkite. Mrs. Nixon was asked if she were thrilled over the prospects of seeing her two daughters in Chicago after a month's absence or watching her husband being nominated for president. She voted for the former.

**Straight News Approached**  
At the same hour, NBC was taking the hard-news approach in an hour-long "Meet the Press." The network had a tandem team of Republicans, Sen. Barry Goldwater of Arizona and Gov. Nelson A. Rockefeller of New York reading from right to left.

Both were handsome and articulate. Their response to questions can best be described in football terms. Goldwater was a line-plunger, Rockefeller an end-around man.

Nixon and Rockefeller also showed up on a pre-convention program on ABC. The vice president had an effective exchange with Edward P. Morgan, one of TV's best interviewers.

**Pre-ordained**  
Although the main result seems pre-ordained, this week's affair may prove that the Grand Old Party can also put on as lively a scrap as the Democrats. The principal difference, as this observer sees it, is the switch in accents.

There will be less of the Southern and Bostonian tones, and more of the Midwestern plus the accentless Californian of Nixon. It will be interesting to note how many versions we will hear of "Chicago."

My favorite so far: Rockefeller's shu-cog-a.

ADVERTISE IN THE TIMES

## Smokey Says:

FOR GOOD HUNTING - KEEP FIRE OUT OF THE WOODS

Drown your camp fire!

HARRISBURG (AP) — Pennsylvania's young Democrats will meet here Thursday and Friday to plan a statewide voter registration drive and elect new officers at their annual convention.

Roy A. Schafer of Harrisburg, state and national president of the organization, said Saturday the group will concentrate its registration drive among the younger population. He estimated this group represented about one third of the state's total voting population.

PHILADELPHIA (AP) — American Viscose Corp. announced today net earnings for the second quarter of 1960 were \$1,712,000 as compared to \$4,140,000 for the similar period last year.

The earnings were equal to \$1.17 per share compared to \$1.61 for the same period in 1959.

# GOP CONTROL IN PA. SENATE IN DOUBT NOW

CHICAGO (AP) — The Republican Party's controlling majority in the Pennsylvania State Senate was in doubt today with the announcement by Irving Whalley that he plans to resign to run for Congress.

Whalley, who represents Pennsylvania's Somerset County, made the announcement here Sunday. He is a delegate to the Republican National Convention.

Whalley said he had not decided yet on a resignation date. The Senate returns from a recess on Sept. 12.

**Better To Resign**  
"There is no reason to stay in the Senate," he said. "It would be better to resign and let the party put somebody up for the Senate seat in November."

The Republicans were reduced to 26 senators recently by the death of Sen. Thomas P. Harney (R-Chester). This is the minimum needed for a working majority.

Whalley's resignation would drop it to 25.

The Democrats have only 22 senators. Thus the loss of GOP majority control would produce a stalemate for the rest of the 1960 legislative session.

**In Elliott's Place**  
Whalley was endorsed to run for the House seat left vacant last month by the death of Rep. Douglas H. Elliott. Elliott committed suicide less than two months after he was elected to fill the unexpired term of the late Rep. Richard M. Simpson, of the 18th Congressional District.

Whalley, when endorsed by the GOP organization for Congress, had said he was willing to resign immediately from the Senate to campaign.

## DEATHS

By THE ASSOCIATED PRESS  
HOLLYWOOD (AP) — Nate J. Blumberg, 66, pioneer film producer and board chairman of Universal Pictures Co., died Sunday after a long illness.

MUNICH, Germany (AP) — Hans Albers, 67, veteran German movie actor who played opposite Marlene Dietrich in the original version of "The Blue Angel," died Sunday of a kidney ailment.

NEW YORK (AP) — Edna Burns 80, Broadway musical comedy star at the turn of the century and one of the early players in silent films, died Saturday. She was best known for her role in "The Bachelor Baby," 1909 comedy written by her late husband, Francis Wilson, who also played the lead role opposite her.

LISBON, Portugal (AP) — Dr. Manuel Murias, 60, from 1943 to 1956 director of the National Union newspaper Diario da Manhã and a former member of the National Assembly, died Sunday.

**PAT LEAVES NOTE**  
CHICAGO (AP) — The jet airliner that brought members of Vice President Richard M. Nixon's family to Chicago served its usual de luxe meal to first class passengers.

But Patricia Nixon, 14, wasn't quite satisfied. She left a note for the management, suggesting the addition of one of her favorite snacks—doughnuts.

13 KILLED IN PA. ACCIDENTS OVER WEEKEND

By THE ASSOCIATED PRESS  
Pennsylvania suffered its worst death toll in weekend airplane crashes in three months Sunday when four members of a Maryland family were killed near Centerville in Washington County.  
Not since the weekend of April 23-24 when seven persons were killed in three airplane crashes had there been such a high toll.  
Six persons were killed in traffic accidents, two drowned and a man was killed by a train, pushing the overall toll to 13, the lowest since the weekend of April 16-17 when three persons died in weekend accidents.  
Killed in the airplane crash were Richard Callison, 46, of Rockville, Md., the pilot of the single-engine Cessna 170A; his wife, Marcela, 49; and the couple's two daughters, Sally Ann, about 12, and Betty Jane, 9.  
Federal aviation officials, still investigating the crash, theorized the plane ran out of gas and Callison apparently couldn't guide it to a safe landing because of a dense fog. It crashed into a hillside.  
The Callisons had been enroute to Ohio.

Promote Rural Development Plan

UNIVERSITY PARK, Pa. (AP) — A Pennsylvania State University official says all of the state's farm areas could benefit from rural development programs similar to those in Fayette and Schuylkill counties.  
Dr. H. R. Albrecht, director of Penn State Extension Services and chairman of a State Advisory Committee on Rural Development said Sunday the possibility of expanding the program will be aired here at a meeting Sept. 9.  
Fayette County began its program in 1955 and Schuylkill followed suit two years later.  
The activity has included studies and analyses of local programs efforts to acquaint residents with the problems, listing available resources and encouraging local initiative and improvements.

STATE'S MILK INDUSTRY TO GO OVER CODE

By RICHARD L. GRAVES  
HARRISBURG (AP) — The Pennsylvania milk industry will hear Wednesday whether sales of low butterfat dairy products not covered by state law are legal.  
The problem involves a gap in the state milk code. Involved in solving the question are the Milk Control Commission, the Agriculture Department and the Justice Department, plus milk producer, dealer and consumer interests.  
Representatives of the various interests will join Wednesday in trying for a solution.  
Gap In Law  
The milk code specifies whole milk must have at least 3 1/2 per cent butterfat. Skim milk may not have more than 1/2 per cent butterfat.  
But for milk with butterfat content ranging between 1/2 and 2 1/4 per cent there is no law. Legally the product cannot be called milk.  
The Justice Department has been asked to rule on the state's jurisdiction over dairy products between the two legal definitions. The problem arose when a Pittsburgh dairy firm sought to market a product with 2 per cent butterfat at a price lower than whole milk.  
Producers Concerned  
The gap in the law developed shortly after World War II when producers sought to improve the prices they were receiving. Since butterfat is the main basis for milk price regulation, they got the Legislature to approve changes in the milk code setting the 3 1/2 per cent butterfat level.  
Producers are apprehensive of any change in the present law. They contend it would cut their total sales, since dealers would not be paying the premium price for high butterfat milk.  
The dealers have countered that sales would be boosted to the point where the loss to producers through butterfat cutback would be more than made up by increased volume.  
Consumer interests are involved because they question whether the 2 per cent butterfat product, or anything similar, meets the quality standards desired by the market.  
Effect On Marketing  
The outcome of the Wednesday meetings may have a broad effect on marketing of milk in the state. It also could have a broad effect on milk production, by deemphasizing butterfat content and putting new emphasis on total output.  
If the Justice Department rules the product cannot legally be sold, the state may face a challenge in the courts from milk dealers who feel that in the absence of law the state has no jurisdiction over the in-between milk product.  
Dealers are hopeful the state will authorize the sales, despite the producer protests as a means of boosting sales. Per capita consumption of milk has been slipping steadily in Pennsylvania. Most of the blame has been put on milk prices.

Dog Training To Begin August 1

HARRISBURG (AP)—The opening of the training period for hunting dogs has been set for Aug. 1 by the State Game Commission.  
The commission reminded hunters Sunday the law requires owners keep their dogs under control, except when actually on the trail or track of legal game. Owners are forbidden to carry guns and no injury may be inflicted on game birds or animals, the commission said.  
Field training of young dogs for the fall season is prohibited between April and July when most small game and fledglings are produced.

Farm Safety Week Is Being Marked

HARRISBURG (AP)—State Agriculture Secretary William L. Henning today urged farmers to inspect their properties and eliminate fire hazards.  
Heralding the start of farm safety week in Pennsylvania, Henning said:  
"Farm homes are isolated. It is quite probable that a fire will be established before it is discovered by the farm family. The family should have a predetermined evacuation plan should fire strike at night."

PA. TURNPIKE GREW SAFER IN LAST YEAR

By FRED B. WALTERS  
HARRISBURG (AP)—Highway safety on the Pennsylvania Turnpike has shown a marked improvement this year over 1959, statistics showed today.  
Through July 21, there were 24 persons killed on the nation's oldest superhighway compared with 53 for the same period of 1959.  
There had been two multiple fatalities on the turnpike through the year including an accident near Blue Mountain Tunnel last Tuesday in which three persons were killed.  
Accidents Cut Down  
Complete statistics for the first six months of this year revealed: There were 834 accidents—20 of them involving fatalities—in 883,400,000 miles traveled, a rate of 94 accidents and 2.3 fatal accidents per 100 million miles.  
In the same period of 1959: There were 965 accidents—33 involving fatalities—in 842,056,225 miles, or a rate of 114 accidents, 3.9 involving fatalities, per 100 million miles.  
A breakdown on the cause of the 20 fatal accidents the first six months of 1960 showed that nine were rear-end collisions. Two were attributed to speeding, two to heart attacks, one to a "U" turn, one to a blow-out and one through loss of control. The other four involved pedestrians, including the three maintenance men run down by trucks while working on the highway.

400,000 miles traveled, a rate of 94 accidents and 2.3 fatal accidents per 100 million miles.  
In the same period of 1959: There were 965 accidents—33 involving fatalities—in 842,056,225 miles, or a rate of 114 accidents, 3.9 involving fatalities, per 100 million miles.  
A breakdown on the cause of the 20 fatal accidents the first six months of 1960 showed that nine were rear-end collisions. Two were attributed to speeding, two to heart attacks, one to a "U" turn, one to a blow-out and one through loss of control. The other four involved pedestrians, including the three maintenance men run down by trucks while working on the highway.
